

Maximus Company Profile

“Better solutions for better lives”

A leading provider of health and human services worldwide and an international leader in government services.

We use our decades of experience to design, develop and deliver innovative and impactful health and human service programs. We are driven by a mission to strengthen communities and improve the lives of those we serve. With offices in nine countries, we have built a significant capacity to deliver measurable results on an international scale. We take great pride in our work, which is why we are the best at what we do. Maximus offers the unique advantage of having a global presence with a local focus while maintaining a clear understanding of the communities in which we serve. Highlights of our work include:

- Premier provider of workforce-centered services in the Australia, Canada, Italy, Saudi Arabia, Singapore, South Korea, Sweden, United Kingdom, and United States and support vulnerable citizens in their journey to self-sufficiency.
- Deliver modernized solutions with integrated digital platforms to enhance the user experience and improve efficiencies.
- Leading administrator of Medicaid enrollment broker services in the U.S.
- Answer more than 7 million calls per month at our contact centers
- Perform more than 1.6 million assessment annually worldwide
